

OUR HISTORY

Apalachee Center, Inc. has served the Tallahassee community since 1948. In 1977, services were expanded to include the surrounding 7 counties, resulting in a service area that now spans across 5500 square miles. We serve approximately 7500 clients each year and employ over 500 individuals throughout our many facilities. We are currently the largest community mental health center between Pensacola and Gainesville. We serve as intern/resident sites for both Florida State University and Florida Agricultural and Mechanical University in areas that include pharmacy, psychiatry, social work, nursing, and psychology.

About Us

The Mobile Response Team (MRT) provides immediate assessment and intervention to anyone experiencing a mental health crisis. Our trained counselors are available 24 hours a day, 365 days a year to provide crisis intervention and link individuals to appropriate care providers.

Apalachee Center's MRT currently serves all of the counties in our treatment area (Leon, Liberty, Franklin, Gadsden, Jefferson, Madison, Taylor, and Wakulla Counties).

Counselors are available by phone or in-person all day, every day in Leon County. In all other counties, Counselors are located in each Apalachee Center outpatient clinic Monday through Friday 8:00 am - 5:00 pm. All calls from the outlying counties after 5:00 pm and on weekends are answered by the Leon County team.
